Response to Office Action Dated September 8, 2003

This is a reply to the Office Action mailed September 8, 2003. Please enter the following amendments and remarks into the record. A petition for Revival of an Application of an Application for Patent Abandoned Unintentionally is filed with this Reply.

Amendment to the Claims

Applicant requests that claim 27 be cancelled.

26. (Amended) A method for generating a database of sequences that are greater than or equal to about 100 nucleotides in length, wherein each sequence is entered into the database only one time, the method comprising the steps of :
- selecting a query sequence from a redundant database;
 - masking said query sequence with known repeat sequences;
